

Bags of charm

Turn a plain tote into a must-have accessory with this sweet but simple-to-make woodland design...

Materials

- Bleached cotton
- Strip of cotton fabric for strap 610 x 100mm
- 3 patterned appliqué fabrics
- Pink and white thread
- 4 buttons

OWL AND TOTE TEMPLATES ON PAGE 35

BUILT-IN PATTERNS:
 flower: AR-A019 - A - 80 x 80mm (cut 2) and 65 x 65mm (cut 2); large circle: BA-A045 - 30 x 30mm (cut 4) small circle - 20 x 20mm (cut 2); droplet: BA-A094 - 36 x 72mm

Bag size: 330 x 292mm

How to make

1 Scan the tote bag template on page 35 and resize as per the instructions. Secure the cotton fabric to the large mat and swap blade for pen to draw on the seam allowance. Replace blade and cut out bag shape. Repeat to cut the second bag piece.

2 Scan in the owl template, resize and attach iron-on appliqué contact sheet. Peel off backing and secure to the mat. Select and resize the built-in patterns and cut from various fabrics, applying the iron-on contact sheet as you go. You should have an owl shape, two small and two large flowers, four small and two very small circles and one droplet.

3 Pin and sew the bag following the seam lines. Neaten edges and hem the top of the bag.

4 Fold and pin the two raw edges of the strap shape into the centre of the strip and top stitch to create a strap. Attach this to the bag securely at each edge.

5 Place all the appliqué elements carefully into position on the bag, press then sew with a zigzag stitch to secure.

6 Embellish with buttons, to finish.

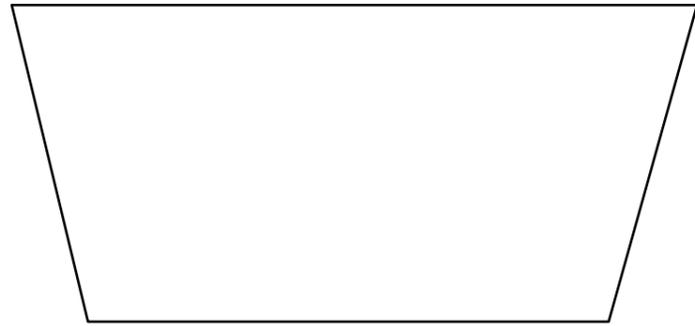

Top Tip
 Use the built-in motifs to create all kinds of sweet designs!
